- Sturdy metal bracket
- Motorcycle mounting
- Top-side lock
- Vibration-resistant mounting

The BKT665 is a sturdy metal bracket for the Topicon MDT665. It was developed especially for motorcycle use and features a lock on the top side.

Its solid construction supports secure mounting even in vibrating environments, making it suitable for demanding mobile applications.

Ideal as the basis for a professional vehicle or two-wheel installation.

Compatible with: Topicon MDT665
