- 4-Channel AHD Camera
- Dual RS232/RS485
- CAN Bus Interface
- RJ45 Ethernet

The CRD880-CAM-FULL is a full-featured vehicle cradle for the MDT880. It supports a 4-channel AHD camera connection and provides GPIO, dual RS232/RS485, RJ45 Ethernet, CAN Bus and USB OTG interfaces.

It is designed for demanding vehicle integrations where a docked tablet also serves as a central interface for cameras, telematics and peripheral devices.

Compatible with: Topicon MDT880
